

*dignity*  
IN life

# welcome

## Everyone holds a story...

Each one of us has a certain way about us that makes us unique. And we all deserve to live a life we choose — with independence, respect and dignity. It's those experiences that make us who we are.

When you enter through our doors, you'll find an experienced team who is trained to know that quality is defined by your expectations.

Each one  
of us  
is valuable.

Our buildings are designed with you in mind.

Our tasteful decor and furnishings include spacious private and companion rooms waiting for your personal touch. A private dining room for your guests, chapel, and many other features that add to the secure and gracious living you will enjoy here.

Every life  
is worth  
living.

We want to enhance your daily living by providing you with the best in professional care and services.

We understand that leaving a life you know to receive more assistance is a difficult decision, even when the arrangement is only temporary. That's why we've created an environment for you to enjoy life.

Every smile  
is unique.

Our services are centered around your lifestyle. You have many choices, including when you want to go to bed, the time you wake up, and when you prefer to eat. From community functions to programs with children, to activities that promote individual interests ... we offer something for everyone. Your family and friends are welcome at any time to experience and participate in activities, social gatherings, or just drop by for a visit.

“What’s important  
is not the years  
in your life,  
but the life  
in your years”

- Abraham Lincoln

# We believe

Life is so valuable. It's all about caring, sharing, laughing, playing, relaxing ... a variety of experiences and special moments that make each day special and important.

It is our privilege to work with the precious gift of life. That's why providing *Dignity In Life* is our mission and our passion.

Our team members are dedicated caregivers. They are warm, compassionate, responsive people with high standards. They welcome the privilege of caring for you as family. This genuine honor of providing deeply committed care is visible in many ways throughout the facility.

We take time to answer your questions and give attention to your personal concerns.

We seek to understand your changing needs and continue learning new ways to meet the special needs of those in our care. Life with us is comfortable, secure, respectful and full of choices.

While Dignity in Life is our passion, you will discover that your quality of life is our priority. That is one of the many reasons why we are among the most respected in our field.

## specialized options

### Therapies

Registered physical, occupational and speech therapists are available to assist residents in achieving maximum independence and improved quality of life. Residents will benefit from state of the art modality equipment and treatments administered by highly skilled therapists.

#### ■ Occupational Therapy

Occupational therapy strives to help residents gain their maximum independence in functional daily living skills, which in turn, helps improve self-esteem.

#### ■ Physical Therapy

Our Physical Therapists are equipped to help residents maximize function by building their strength, coordination, and mobility.

#### ■ Speech Therapy

Speech pathologists focus on maximizing communication and swallowing skills through individualized programs to treat language, speech, and swallowing disorders.

### Restorative Programs

We develop individualized therapeutic programs designed to improve independence and mobility. Our goal is to help our resident's lead a more independent life.

### Medicare Certified

Our facility is certified to meet all requirements of the Medicare program. When you receive services that are covered by Medicare, we will bill those services directly to Medicare. We will also bill any coinsurance to your Medigap/Medicare supplement policy on your behalf. Our staff is very knowledgeable about the Medicare program and is available to assist you whenever needed.

### Alzheimer's & Dementia

Seniors facing the challenges of Alzheimer's disease and other related Dementia need a safe, nurturing environment. We specialize in individualized programs designed to reduce feelings of confusion, fear, and agitation and offer meaningful, enjoyable activities that stimulate the mind and body. Our services focus on the resident's wide range of abilities. We welcome and encourage family involvement and we work closely with the Alzheimer's Association.

### Respite

Short term, temporary care is provided to people with disabilities so their families can take a break from the daily routine of caregiving.

### Hospice

Residents who face terminal illness, and their families, benefit from guidance and comfort provided by medical professionals, hospice organizations, clergy, counselors, and skilled volunteers. We can help by bringing this support team together to provide round-the-clock services that make the precious final days of life as comfortable as possible.

the *vetter*  
way

A lifetime of wisdom and experience are passed on to us by our elders. But often, their contributions are forgotten and their special needs ignored. It's our mission to give these members of our community a place to feel respected, safe, comfortable, and happy. It's what they deserve after giving us so much.

Jack and Eldora Vetter began Vetter Health Services (VHS) in 1975 with the belief that the elderly deserve dignity in life. Now, many years later, the Vetter's continue to instill that philosophy in every care facility they oversee.

Local administrators and team members share this community-centered leadership philosophy. This means that each facility is built around the individual needs of the residents and their community. Support and expertise are always available through the VHS team of professionals, based in Omaha, Nebraska. Our community focus, combined with years of experience, makes every Vetter Health Services' facility a leader in our industry.
